

SINONIN BIOTECH GMBH • 16 AUGUST 2026

# Website Redesign

sinoninbio.tech, rebuilt in English and German.

Dr. Cheison, your website has been on my mind for about a year. I finally had the skills to do something about it, so I did. **Everything in this document is already built and live.**

OPEN THIS FIRST

**[sinonin-bio-tech.vercel.app](https://sinonin-bio-tech.vercel.app)**

The full site, on your phone, tablet or laptop. Use the EN / DE switch in the header.

PREPARED FOR

Sinonin Biotech GmbH  
Marienstr. 15, 27299 Langwedel

PREPARED BY

Keith Ng'eny, Astro Designer  
astrodesignerx@gmail.com

INVESTMENT

**KSh 40,000**

## WHAT CHANGED

## Four things worth your attention.

| Homepage Weight                          | Time to Load                          | Languages                                     | Reports for Sale                               |
|------------------------------------------|---------------------------------------|-----------------------------------------------|------------------------------------------------|
| <b>0.77 MB</b><br>was <del>10.9 MB</del> | <b>3.4 s</b><br>was <del>27.2 s</del> | <b>EN + DE</b><br>was <del>English only</del> | <b>4 pages</b><br>was <del>an empty page</del> |

### Your reports can actually be bought

Market Reports is empty today. It carries a "4 Oct, 2022 · Administrator" byline and no reports, while the four real report pages, each with a working order form, sit hidden underneath it. The hub now works, and every report has its own page, its own cover and its own form.

### The site speaks German

You are a GmbH selling into a German-speaking market from an English-only site, and search engines are told no German version exists. Every page is now written in both languages, **289 of 289** strings translated, with English as the default.

### The blog reads like a blog

The index does not list your articles, it prints six of them in full, one after another: **26,429 words** on a single page, roughly **127 phone screens** of scrolling. Each article now has its own page, cover image, date and summary card, so people reach the second one.

### The images match the science

The packshot on the insect protein page is natively **71 by 108 pixels**, stretched to fill its slot, and only four of the eight images on that page load at all. Every image is now sized and compressed for the space it sits in.

WHAT YOU GET

# Ten templates, two languages, already finished.

PAGES

- **Home**, supporter strip, four expertise pillars, protein security, reports and training.
- **Expertise**, four anchored sections: proteins, palatants, enzymes, insects.
- **Training**, its own page, pulled out of the homepage.
- **Market Reports**, working hub plus four report pages with order forms.
- **About**, founder story, the Nandi name origin, mission and vision.
- **Blog**, card index plus a page per article, all posts migrated.
- **Contact**, booking first, enquiry form second.
- **Legal**, Impressum and Datenschutz, both languages.

BUILD

- Custom design on your own identity: forest green, navy, your logo gradient.
- 47 pre-built pages, served from Frankfurt, HTTPS included.
- Copy rewritten for clarity, every fact preserved.
- Forms with a GDPR consent checkbox.
- Site-wide search in the header.
- Full SEO, plus redirects from every old address so your rankings carry over.
- Mobile-responsive and accessibility-checked.
- One training session, and one year of support at no charge.

ADDED ON ACCEPTANCE, AT NO EXTRA COST

## Two things you will want, in the same price.

**A content management system.** Publish and edit articles, swap images and update report copy yourself, in both languages. No developer, no plugins. KSh ~~12,000~~ **Included**

**The contact and enquiry mail system.** Forms wired to a verified address, delivery confirmed end to end, your booking calendar connected. KSh ~~5,000~~ **Included**

**Added value at no charge** KSh 17,000

INVESTMENT

One figure, nothing withheld.

| ITEM                                                                                                                                                                                                                            | AMOUNT     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|

| <b>Content management system</b><br>Self-service publishing, both languages                                                                                                                                                     | Included   |
| <b>Contact and enquiry mail system</b><br>Delivery verified, booking calendar connected                                                                                                                                         | Included   |

GRAND TOTAL

KSh 40,000

TERMS

- 50% deposit on approval, 50% on handover.
- Additional features billed separately on request.
- Payable by M-Pesa or bank transfer.
- Domain and hosting stay in your name.

NEXT STEPS

- 1 **Open the site**, in both languages.
- 2 **Send corrections.** Anything factual, scientific or in the German, I will change.
- 3 **Approve**, and I hand over within a week.
